The 7th USA PACIFIC MEDICAL & LEGAL CONFERENCE

NEW YORK, USA

Monday 25 June 2012 to Monday 2 July 2012

*This conference runs before **Lipari, Sicily** 7-14 July 2012 and **Prague, Czech Republic** 20-27 July 2012*

So much of Australia's legal & medical tradition comes from the USA, so what better place to explore this than the cultural and commercial heart of that country, New York. What better place to learn about class actions, the onslaught of medical litigation and issues like product liability than the place where it all, if not began, then exploded.

The academic and professional program has always been the centre piece of our conferences, but an equally important part is the networking activities we organise outside of the formal program. Over the years many delegates have forged professional links with other practitioners arising out of meeting for the first time at the conferences. The synergy of medical and legal practitioners at these conferences has led to a greater understanding of each other's role and broken down many barriers. Delegates have also reported that the informal interaction with other delegates has led to an exchange of ideas and methodologies, and an enhancement of professional camaraderie among fellow practitioners including referrals from both fellow medical practitioners and lawyers. Many delegates are now coming to these conferences as individuals because of the camaraderie and networking events associated with the conferences.

CONFERENCE EVENTS

The conference will include a number of optional social events. The first event is welcome drinks at 7.00pm on Monday 25 June, followed by a conference dinner at 7.30pm at Becco's Italian Restaurant (cost of dinner not included in registration fee), which is co-owned by Lydia Mattichio Bastianich and her son Joseph. Lydia is one of Americans best loved Italian chefs and television celebrities (look out for her cooking program on The Lifestyle Channel). Other events will include a night at "the Met" (the Metropolitan Opera Company), a helicopter flight over New York's best attractions (where you almost touch the statue of Liberty), an evening of Jazz at the Village Vanguard or similar venue, a tour of the Metropolitan Museum of Modern Art and a NY Yankees baseball game.

THE PROFESSIONAL & ACADEMIC PROGRAM

Conference sessions will run for a disciplined 4 hours each day, generally starting early to late afternoon depending on the evening event. This allows ample time to climb the Statue of Liberty, walk in Central Park or Times Square, visit 'Little Italy' or Chinatown, or the many museums, bookshops, cafés and art galleries of New York.

Conference sessions always include a paper on medical litigation and a separate session on medical law. And we try to do such sessions in an interesting way – like when husband & wife team Dr Dan Peleg head of delivery ward in Rabin Medical Center & Attorney At Law, Israel, gave a joint presentation on Cesarean Delivery on Maternal Request – Medico-Legal Aspects (Yael Peleg being a plaintiff medical litigation lawyer!). Other fascinating medical speakers at these conferences have included Dr Karl-Heinz Kuenzel, Professor of Anatomy – University of Innsbruck who cut up the Ice Man & gave a discourse on forensic anatomy using the Ice Man as an example. Clinical papers have also been given on asbestos diseases, intellectual property & medicine, and a host of other areas.

BELOW ARE THE PAPERS GIVEN AT THIS CONFERENCE IN 2010:
